

# APRIL 7, 2023 BIOCONNECT TEACHER WORKSHOP

Biomimicry (drawing inspiration from nature) is a rapidly growing STEM field and has the potential to change how students view the world around them. To ensure that teachers feel confident in teaching biomimicry and STEM-related skills using the unique materials offered in the BioConnect kit, we are hosting an 8-hour teacher workshop at the Phoenix Zoo for up to 20 teachers.

Participation in the workshop includes...

- A stipend of \$100 per teacher
- Free access to the BioConnect Kits

**Week-long unit and  
all-inclusive kit**

**Aligned to AZ state  
standards for  
Grades 6-8**

**Real-world problem-  
solving**

**Unique natural  
artifacts, videos, and  
3D models**

**Experiential,  
hands-on learning**

**INTERESTED IN  
SIGNING UP?**
